Henry Harvin®'s Training Methodology

Live Projects	Live Projects are carried out during the training tenure to develop experiential learning for the participants. This helps in a better understanding of the concepts and gain in-depth practical insight.
Unique Pedagogy	Uses a mix of techniques aligned to our unique G.C.A.O. pedagogy. This enables participants to derive focused-action-oriented outcomes from the training.
End-to-End Engagement	Participants will be engaged throughout the training through reverse presentations, group activities & brainstorming

Certification Process

1

Counseling & Registration

Consult one of the counselors and get into the Right Batch. Register yourself for the CompTIA Network+ N10-008 Course

2

Attend the Training

Attend 40 Hours of sessions and gain credits to get Certification from Henry Harvin® CompTia Trainings (Technology Academy)

3

Deliver Projects Assigned

Gather experience with real-world assignments and practical projects to upgrade your existing skills.

4

Earn Certification

Post-completion of the course, earn Henry Harvin® Certificate. You can post it on social media, get it framed & increase your value in the industry

Testimonials

Ankit Rastogi
System Engineer

Very good explanations of CompTIA Network+ N10-008 Course. All the material that was provided was up to the mark and all the questions were answered. The service provided was also really good.

Devansh Thakker
Network Engineer

This is more like an introductory course and covers all that is needed to take the N10-008 network+ exam. The instructor knows the content well and is enthusiastic about it. It was a very engaging session.

Our Placements

Ritesh Sharma

anchanto

This course is great if you are preparing for the network+ N10-008 exam. The knowledge gained from doing this course is worth every penny of my time. Very well presented course with a good quality assignment. Particularly peer assignments are good.

Abhik Jha

brillio

The course gave an overall exposure of the important techniques needed by information security professionals. The practical implementation helped gain an understanding of methods to clear the certification exam.

Parin

I thoroughly enjoyed learning about the CompTIA Security+ certification in the course. The knowledge gained from doing this course is worth every penny of my time. Very well presented course with a good quality assignment. Particularly peer assignments are good.
